Art Unit: 2674

In response to the letters filed 11/2/2005 and 12/5/2005, new claims 57 and 58 will not be entered and will not consider as the reason set forth in the Advisory Action mailed 09/20/2005. New claims 57 and 58 raise new issues at least one limitation

“configuration properties of the multiple display in (emphasis) configuration properties of a computing system” in lines 6 and 7 as recited in claim 57, that would change the scope of the limitation, that would require further consideration, and present additional claims without canceling a corresponding number of finally rejected claims. See 37 CFR 1.116 and 41.33(a). Therefore, the proposed amendment will not be entered.
